Choral Summer Academy

Course Director: Paul Phoenix

Assistant Director: Matthias Rajczyk

Two-time Grammy winner, internationally renowned coach and former «King's Singers», tenor Paul Phoenix is back for our Choral Summer Academy along with internationally acclaimed choral director Matthias Rajczyk.

The Choral Summer Academy brings together ambitious singers to form a unique choir. We study a diverse programme which will be performed in the closing concert, focusing on vocal development, choral singing technique as well as performance and presentation skills. The course is designed for singers with a reasonable choral/vocal experience. Up to 8 singers of each voice part may be accepted to form a balanced choir (acceptance in chronological order of registration).

The Künstlerhaus Boswil is a centre for classical music offering concerts and diverse educational programmes. This heritage-protected venue is located in a picturesque landscape overlooking the Alps and provides guesthouse services.
